Wrap**

Solutions for Pipe Repair

What is Magic-Wrap?

Magic-Wrap* is the original, easy to use, quick action solution. When properly applied, it will repair damage through everyday wear or when unexpected emergencies occurs.

Magic-Wrap fiberglass cloth is pre-impregnated with a resin which is activated by salt or fresh water. Packaged in a hermetically sealed foil pouch, it's ready to use and does not require any measuring or mixing. This system, when used with the appropriate primary patch, enables you to repair and reinforce virtually any diameter pipe in minutes. Magic-Wrap reduces down time, saving you thousands in parts and labor.

Magic-Wrap is safe to use, non-toxic, non-combustible and odorless. This system can not only restore a pipe to its original PSI rating, but can actually make the repair area stronger than the original pipe.

Applications:

- Corrosion Protection
- Reinforcement of Corroded or Damaged Pipes
- Irregularly Shaped Repairs
- Under Water Repair
- Repairs Pipes from 1/2" to 54"
- Force Mains and Gravity Lines
- Riser Restoration
- Joint and Tee Repair
- Emergency Repair
- NSF 61 Approved for Potable Drinking Water
- Under Pressure Repair

With an initial setting time of only 30 minutes (75°F), Magic-Wrap is excellent on COPPER, STEEL, SS, PVC, CLAY, CONCRETE, RUBBER, and MORE!. It's amazingly versatile.

Number Of Piles	8
Fabrication Method	Wey lay-up
Curing time at 75°F	30 Minutes
Barcol Hardness	5.3

Quick Action

1 Roughen the area

2 Soak Magic-Wrap in water for 20 seconds

3 Wrap in spiral manner

4 Squeeze and mold

For plugging holes in tanks etc, after soaking in water the tape has to be unraveled and made into a ball and plugged into the opening. Apply continuous pressure against the surface for about 8-10 minutes.
